

# Answer Dev Academy UI Technical Test - Aurelia

---

⚠ **Do not fork** this repository. Download a copy and push to your own repository. ⚠

This part of the technical test has 4 steps.

- Step 4 : `colour-names-value-converter.ts`
- Step 5 : `person.ts`
- Step 6 : `people-list.html`
- Step 7 : `person-edit.ts`

Each of the steps will have instructions as to what is expected to be done. Do not remove the **TODO** instructions.

## Requirements

- Node.js - <https://nodejs.org/en/download/>
- Visual Studio Code - <https://code.visualstudio.com>
- Aurelia CLI - <https://aurelia.io/docs/cli/basics#introduction>

## Instructions

- Run `npm install` to restore the dependencies.
- Run `npm start` to serve the UI. It should be available on `http://localhost:8080`
- Open the project with your preferred IDE or VS Code.
- Search for the **TODO** items and work your way through the steps.

## Submission

Before submission, make sure to remove the following folders:

- `node_modules`
- `dist`
